COP Coefficient Of Performance = Heating capacity/Power consumption

- **Intuitive LED display**

3 operating modes:
Heating, Cooling, Automatic

- **Automatic defrost by cycle inversion**

4 way valve: quick and efficient defrost

- **Remotable display**

Install your display into the pool-housse
Up to 10 meters (optionnal cable)

- **« Blue fins » Evaporator and rifflled copper tubes**

Better corrosion resistance and condensate water evacuation, optimal performance

- **Rotative compressor**

Reliable, efficient and quiet

- **Titanium condenser in PVC shell**

Efficiency and high corrosion resistance

- **Certification CE**

Heating capacity and COP certified by our certified laboratory

- **Anti-UV ABS casing**

Weather and UV resistant

- **2-year warranty**

Heat pump guaranteed for 2 years

- **Accessories included:**

- Anti-vibrating supports
- Silentblocs
- Hydraulic connections
- Condensate drainage pipe
